Update 05/01/2022. (MS is banned again).

Today I submitted 1100 pages of evidence to Hammersmith CID. 2 excellent detectives accepted and signed for the paperwork. They confirmed the crime report is now significant and very lengthy. A number of other world experts have added their details and support and again they were acknowledged by The Met Police. Mark Steele provided a massive amount of evidence relating to the damage the v is causing. The Superintendent acknowledged Mark's submission.

Philip Hyland, Lois Bayliss, Dr Sam White and others behind the scenes are working around the clock providing evidence, statements and support.

Another demand was made to stop the V program immediately. This was added to the crime report again and verbalised. Due to the amount of evidence and the allegations being made and against who this going to be a huge and lengthy investigation. (I'm sure we all know that).

Michael O Bernicia and his team have added their weight and support to this criminal investigation. The evidence they possess is vast and significant with regards to Midazolam and the deaths/murders attributed to this drug. Michael has emailed The Met directly outlining the evidence they have and of the legal team he is working with. This is on the understanding his involvement in this investigation does not compromise the PCP he submitted to the courts on the 21/12/21.

Of note and hugely significant, allegations were made of the most serious crimes being committed by a number of named Gov ministers, Civil servants and the bosses of U.K. news networks.

The crimes cited being,

- 1, misfeasance in public office,
- 2, misconduct in public office,
- 3, conspiracy to commit grievous bodily harm,
- 4, conspiracy to administer a poisonous and noxious substance to cause serious harm and death.
- 5, gross negligence manslaughter,
- 6, corporate manslaughter,

- 7, corruption,
 - 8, fraud,
 - 9, blackmail,
 - 10, murder,
 - 11, conspiracy to commit murder,
 - 12, terrorism,
 - 13, genocide,
 - 14, torture,
 - 15, crimes against humanity,
 - 16, false imprisonment,
 - 17, multiple breaches of our human rights,
 - 18, war crimes,
 - 19, multiple breaches of The Nuremberg Code 1947,
 - 20, multiple breaches of The Human Rights Act 1998,
- (Treason will also be added).

We must get this criminal investigation into the public domain as soon as possible and the ICC application. We need to be messaging The BBC and Sky news in the thousands to force their hand and air this to the masses, put pressure on the Police, stop the v and arrest those responsible ASAP.

Despite our best efforts Sadiq Khan has not replied to the emails or returned our phone calls as promised by his office.

To email the BBC and Sky and make them aware of the criminal investigation, crime number 6029679/21 and the ICC application reference OTP-CR-473/21

Supporting documented evidence From Mark Sexton.

12 exhibits detailed as follows.

M51. A photo taken by me on July 10th 2020, of an air loop mask box showing these masks do not protect any person from COVID-19, coronavirus or other viruses or contaminants.

M52. A photo of a tweet I took on the 1st of September 2020 from MP Tobias Ellwood, confirming in the tweet and I quote "this is a critical time for the UK to push the United Nations to urgently adapt to the new world order".

M53. A photo I took on Wednesday, October 7 2020 with the headlines in the Daily Mail and I quote "world's top scientists race against lockdown, scientists are saying that life should be allowed to return to normal for all but the elderly and vulnerable; more than 4000 doctors and medical experts have signed a declaration stating the grave concerns about the response to coronavirus."

M54. A photo of an excerpt from the British medical journal the date of the photo is unknown in this excerpt it clearly shows the government, via the office

Interpreting excess mortality in England: week ending 9 October 2020

October 23, 2020

Carl Heneghan, Dan Howdon, Jason Coo, Tom Jefferson

Summary:

Excess deaths remain low in England, with 112 observed in the most recent week reported – one percent higher than expected. Across the regions, excess deaths do not show a consistent picture.

In terms of death by an underlying cause, ischaemic heart disease and stroke continue to show excess deaths, and diabetes mellitus has seen excess deaths in all 29 weeks

How To Send Us Your News Stories

If you want to send us a press release or tell us about a new story:

For the same day:

Email: news@skynews.com

For a future event:

Email: news.plan@sky.uk

How To Send Us Your Video and Pictures

If you want to send photos or video you can send them to:

Email: news@skynews.com

If you want to send us pictures and video from

username on BBC output.

Message us via a chat app

You can send a picture, video or message to our WhatsApp account [+44 7756 165803](https://www.whatsapp.com/business/profile/447756165803).

In some cases your text, as well as your images, may be used on BBC output. We will publish your name as you provide it (unless you ask us not to) but we will never publish your mobile phone number.

We aim to read all of your messages but due to the numbers we receive each day it is not always possible to reply to everyone individually.

Email

Email your stories to haveyoursay@bbc.co.uk
